

Angiography:

Common iliac artery aneurysm revealed

Procedural Course:

- 9Fr sheath placed
- 12mm x 61mm LD V12 stent deployed at 8ATM
- Minor filling still noted in aneurysm and a second 12mm x 29mm LD V12 was overlapped proximally

Conclusion:

Excellent clinical result with complete exclusion of the aneurysm

Left Common Iliac Artery
Aneurysm

12mm x 61mm and 12mm x 29mm
Overlapping LD V12 Stents
